

Business Continuity Management System (BCMS)

Celltrion Inc., dedicated to advancing humanity's health and welfare values, commits to safeguard and swiftly restore property in the face of natural and social disasters. To ensure a stable drug supply, the following business continuity management system is established and complied with:

1. Celltrion Inc. will strive to identify and determine key disaster response activities that require continuity to reduce disaster risks.
2. Celltrion Inc. will make every effort to secure resources for disaster response and review procedures to address drug supply interruptions in preparation for potential disasters.
3. Celltrion Inc. will endeavor to respond to disasters, regularly conduct training to address drug supply interruptions, and seek continuous improvement in its outcomes.
4. Celltrion Inc. will work towards encouraging all employees' understanding of business continuity management to prevent occurrences of drug supply interruptions.
5. Celltrion Inc. will do its best to meet the requirements of its business continuity management system and ensure full compliance with the established system.

Celltrion Inc.
